

Evaluation and Management Workshop

- * Work thru real cases to gain a better understanding of what is required to meet certain levels.
- * Take an auditors approach to finding the Overall Visit Level.
- * How to help your provider be and stay compliant in their documentation.

Practice, practice and more practice! This workshop will allow you to practice, ask questions, discuss with peers and the instructors.

This intensive Evaluation and Management Coding workshop will utilize a review of real medical records to evaluate and code the note and proper level on all types of visits including:

- *New Patients
- *Established Patients
- *Consults
- *Critical Care
- *Hospital Visits
- *Discharges

We will use a CMS Audit Tool with our CPT and ICD-10 books. (Please bring your coding books)

Each attendee will receive an audit tool to take home.
